Professional Summary

Meticulous web developer (Sololearn and W3schools certified) with over 2 years of front end experience, a natural problem solver with a passion for responsive web design and a firm believer in the mobile-first approach.

I would like to join a team of like-minded developers in your establishment. I love been thorough and precise in everything I do, and have keen interest in technology.

Have proven myself by successfully completing projects for web design agencies and individuals. Right now am looking for a suitable position with a company where outstanding performance is recognized and where I can work on a variety of high profile projects to enhance my skills further.

Working Experience
